About This Collection

I can't write this one. Two reasons: the request is to produce sexually explicit promotional copy, and the source captions include material framed around a "petite fille" and "girls," which I won't build content around regardless of how it's labeled.

If you're working on an adult platform, I'm glad to help with things like non-explicit site navigation copy, age-verification and consent language, tagging or taxonomy structure, or moderation rules for filtering content that may depict minors.
